

Imagine Software, in partnership with Quality Risk Management Operations (QRMO), are hosting an evening of talks about risk management in the post-crisis market. Join us for a cocktail reception and discover how successful funds have changed their approach to risk management.

Keynote Speaker: Jame DiBiasio, Editor, **AsianInvestor**

Jame is the founding editor of AsianInvestor, established in 2000, and was previously bureau chief at Institutional Investor in Hong Kong and New York.

Dr. Lance Smith, CEO, **Imagine Software**

Lance has over twenty years experience in trading and risk management. He has a PhD in Mathematics and, prior to co-founding Imagine Software, was a Professor of Mathematics at Columbia University.

Albert Chiu, Managing Partner, **QRMO**

Albert is the co-founder of QRMO Limited. Prior to setting up the company, Albert was employed by Mizuho Securities Asia as the Deputy Head of Risk Management in the Asia Pacific region.
